Objective

An energetic and passionate college student pursuing a BTech in Computer Science at GNIOT College. Aiming to apply knowledge of web development, data structures, algorithms, and problem-solving skills.

Experience

Codtech IT Solutions| Full Stack Web Development

Present - April 2025

- Developing responsive UI with HTML, Tailwind CSS, and JavaScript.
- Enhancing interactivity and fixing front-end bugs.
- Ensuring cross-browser compatibility and UI consistency.
- Collaborating with designers for pixel-perfect implementation.

Education

Greater Noida Institute of Technology, BTech Computer Science and Engineering

July 2026

- CGPA: 7.4

Projects

Wanderlust – Travel Booking Platform (MERN Stack)

- Built a full-stack Airbnb-inspired app for property listing with image uploads and location mapping.
- Implemented JWT-based authentication for secure access by hosts and guests.
- Added interactive Mapbox map for property locations and a user review/rating system.
- Deployed via Render with MongoDB Atlas for cloud-based storage.
- Designed responsive UI with modular React components.

Expense Analysis Tool – Personal Finance Tracker (Python, Tkinter, SQLite)

- Built a GUI-based expense tracker with CRUD operations and category/date filters using Tkinter.
- Used SQLite for efficient local data storage and retrieval.

Spotify Landing Page Clone – Frontend Project

- Engineered a fully responsive Shopify landing page clone, replicating ~95% of original UI and functionality within deadline.

Skills & abilities

- Languages: C, C++, Python, JavaScript, HTML5, CSS3
- Frameworks / Libraries: Node.js, Express.js, Flask, Tkinter, Bootstrap, Tailwind CSS
- Databases: MySQL, MongoDB
- Tools & Platforms: Git, GitHub
- Communication: Proficient in English

Professional Development

- **Certifications:** AWS S3 Basics, Google cloud, SQL, Python Programing
- **Workshop:** Web Development, Python with IOT in collaboration with Softpro Solutions & AKTU.
- **Clubs:** Member of Google Developer Group (GDG), Corporate Skill Development Center (CSDC).
- **Hackathons:** Smart India Hackathon(2023) & 2024 , Code Cubical 2.0
